

## Improving the Langham Dome Wikipedia Page

Analyse sources of information considering their strengths and limitations  
Identify areas for improvement by applying own knowledge and research  
Justify decisions and evaluate sources

Visit the Langham Dome Wikipedia page:

Visit the Langham Dome webpage:

<https://langhamdome.org/>

1. Read through the Wikipedia page and check that the information presented is accurate and up-to-date. Cross reference the information with the Langham Dome webpage to research and test the evidence presented on the Wikipedia page. Are there any errors which need to be corrected?

Error	Correction

2. Consider whether any content could be added under any of the pre-existing headings. Research the Dome on the Langham Dome website and use evidence gathered during your visit to Langham Dome. Add relevant information under the pre-existing headings and titles.

Additional content to be added	Pre-existing heading

NAME

## KS5 Task

3. Contemplate whether any additional headings or titles would be useful for individuals researching the dome. Create titles and select appropriate evidence to add to them.

Additional content to be added	New heading to be created

Provide a justification for your amendments below. You should consider the strengths and areas for development of the existing Wikipedia page. Your teacher will have access to the contact details of the trustees of Langham Dome and will be able to forward the best recommendations directly.

Dear Trustees of Langham Dome,
