

LANGHAM DOME – Risk Assessment for School Visits

Health and Safety	How to manage risk	How measures to manage risk will be communicated to children and young people, and their teachers and accompanying adults
<p>Supervision and Behaviour</p> <p>Teachers are responsible for the behaviour of the children and young adults in their party</p> <p>Children and young people are expected to have a responsible attitude, to behave in accordance with their teachers' direction, and to show regard to the Dome and its contents</p>	<p>Teachers to stay with their group at all times and to supervise carefully</p> <p>Any child or young adult who becomes separated from their group should make themselves known to Dome staff</p> <p>The Dome reception area can be used as a rendezvous point</p>	<p>Before the visit, teachers should brief other accompanying adults and outline what is expected of them</p> <p>Before the visit, teachers should brief their children and young adults outlining how they should behave, to stay with the group at all times and what to do if they become separated.</p> <p>Special attention should be paid to the road outside the Dome, and all members of each visiting party must be instructed to stay away from it at all times.</p>
<p>First Aid</p> <p>Langham Dome cannot provide trained members of staff able to provide medical treatment.</p> <p>A First Aid pack is available at the Dome</p>	<p>Teachers should ensure someone in their party can provide First Aid if required</p> <p>All incidents should be reported to a member of Dome staff so a record can be made</p>	<p>Before the visit, teachers should brief other accompanying adults on First Aid procedures</p>
